We are a multicultural Catholic community of disciples striving to witness to a new way of being Church in a region characterized by diverse cultures, religious traditions, widespread poverty, and complex social changes.

FORMING PASTORAL LEADERS AND
MISSIONARIES FOR A RENEWED CHURCH

PLMM

PLMM is a six-month residential program designed to enhance the leadership and management capacities and the personal and spiritual development of pastoral missionaries in response to the demands of the contemporary Church.

Completion of the PLMM program can count towards earning the ecclesiastical degree Licentiate in Sacred Theology (STL) in Spirituality and Leadership or the civil degree Master of Pastoral Leadership and Management (MPLM), both of which degrees are administered by the Loyola School of Theology (LST) in Ateneo de Manila University.

Here the participant rediscovers the richness of one's being, appreciates more profoundly the graciousness and beauty of God's creative love, and thus prepares to reengage the mission of the Church with greater generosity and compassion. In particular, participants strive to attain key outcomes:

Psycho-Emotional Integration: Through a relaxed schedule, carefully selected week long modules, personal reflection, group sharing, and other activities, participants gain a deeper understanding of their own personal history, giftedness, and unique personality.

Spiritual Maturity: Participants are guided on the path of discernment and contemplation towards attaining an enduring openness to finding God in all things.

Pastoral Renewal: Program modules invite a closer look at Jesus Christ and how he continues to be active in the Church and in the world, calling each of his disciples to join him in service.

To be Christ-Centered: Programs promote undergoing conversion and seek proclaiming in a heartfelt, bold and vibrant way God's good news by encountering Jesus through Scripture, tradition, and experience.

SABBATICAL RENEWAL EXPERIENCE
